EDGA/EDWGA HALL OF FAME  
ERIE COUNTY HALL OF FAME AWARD

**Selection Committee Guide**

Award presented in recognition of distinguished contributions to the game of golf and one's community.

Excellence as a player is not a requisite or requirement for the award, i.e. the first name on the men's Golf Hall of Fame Board is that of T.O. Andrews who never played the game. However, it must be noted that among those on the EDGA list are champions, professionals and a greens' keeper.

Persons suggested do NOT have to be fine players or well known. Their acts of distinguished sportsmanship should be over a period of years.

The award is NOT for contributions to the welfare of golf or for overcoming physical handicaps, but elements may enter into consideration.

The award is simply for distinguished sportsmanship in golf and community in addition to distinguished unselfish contributions to the same.

Sportsmanship can be defined as the demonstration of personal qualities which we practice in our daily lives. Thus, it is more nearly a manner and an attitude than it is a particular action, i.e. fair play, self control and self denial, generosity of spirit, manner of playing or behaving so as to show respect for all and unselfishness.

The sample form is to be submitted for consideration by the Selection Committee. Remember that contributions to the game of golf and community are very important. No nominee can be considered without a completed resume.
